Application To Install Solar Hot Water

Please attach a photograph or draw a diagram of the proposed location of the solar panels and hot water system and associated plumbing.

APPLICANT'S NAME:

LOT NUMBER:.....

Initial:

Terms and Conditions of Solar Hot Water System Installation

1. The Applicant understands and acknowledges that all repairs and maintenance to the solar hot water system and associated fittings (e.g. solar panels) will be the sole responsibility of the owner of the 'said lot' (as identified in the application).
2. Any damage whatsoever that may occur to the common property or any surrounding lot due to the installation of the solar hot water system and solar panelling will be the sole responsibility of the Lot Owner to rectify within seven (7) days.
3. The Applicant acknowledges that the solar hot water system and solar panelling unit will comply with all regulations as set by Local Government. Should a breach of the by-laws occur, the Applicant acknowledges that they may be requested to remove the solar hot water system immediately at the Applicants cost. The Applicant agrees to adhere to any request made by the Body Corporate.
4. The Applicant is aware that the Body Corporate Insurance DOES NOT cover solar hot water systems (including solar panelling) and that they will be responsible for their own additional Insurance (if applicable).
5. The Applicant agrees that all external fittings, wiring etc..., will be colour coded (if applicable) to that of the entire building and as such may need to seek advice from the Committee of the Body Corporate in this regard.
6. The Applicant agrees that should the roof require repairs / replacement at any time, and the solar panelling needs to be removed, that the removal and re-installation of the said solar panels be the sole responsibility of the owner of the 'said lot'. All associated costs of the removal and re-installation to be paid for by the owner of the 'said lot'.
